Summary of Legislation: (Amended) This bill extends the expiration date of the law establishing the Board for the Coordination of Child Care Regulation and the terms of Board members to November 1, 2005. The bill permits the Board or a subcommittee of the Board to meet any time during the calendar year, but not more than 12 times. It requires the Board to: (a) establish a subcommittee to make recommendations concerning revisions to the child care system; and (b) consider the regulation of preschools. (The introduced version of this bill was prepared by the Board for the Coordination of Child Care Regulation.)

Effective Date: July 1, 2002.

Explanation of State Expenditures: (Revised) This bill would increase the life of the Board, but not the annual budget expenditure. The Board for the Coordination of Child Care Regulation is currently authorized through November 1, 2004. This bill would extend the life of the Board through November 1, 2005. Legislative Council Resolution 01-3, Section 7, currently provides for a budget of \$18,500 for interim study committees of 16 members or greater. This bill requires the State to provide one additional year of funding of \$18,500 in FY 2006, assuming current committee budget levels continue. This bill limits the Board or a subcommittee of the Board to not more than 12 meetings per year.
